Mr. Noel Hendry
Canadian Johns Manville Co. Ltd.
Asbestos, Quebec
Canada

Dear Noel

Just to be sure you have a copy, an article that appeared in
Chemical Week magazine is inclosed.

So that you'll know that Asbestos is not the only contaminat⁴⁵⁴,
a second article from O.P. & D Reporter assesses a share of the
blame on trees.

My answer to the problem is: if you have enjoyed a good life
while working with asbestos products why not die from it. There's
got to be some cause.

TROY, New York 12161.

Dear Ernie:

Thank you for the article on Asbestos from Chemical Week; yours was the 101st copy I received. However, I had not seen the one on "Trees" and this latter calmed my nerves.

I suppose we have to bear with people who have nothing better to do than create alarm, but we are not alarmed and we live and sleep with the stuff.

You will be interested to know that Chemical Week will print a retraction of the article and the U.S. Public Health Service is mad because they have been misquoted. Representative Robert Watkins claims he needs the votes and asbestos was a handy vehicle.

Anyway good health and best wishes.

Yours sincerely,

N. W. HENDRY,
General Sales Manager
